

Please use the following steps to connect to Google Meets hosted by teachers.

Note:

Please use the student account provided by the school otherwise personal accounts will need to be approved by a participant when the personal account joins the meeting.

Step 1:

Go to meet.google.com in your preferred web browser.

Step 2:

Sign in using the account provided to your student by clicking Sign In in the top right corner of the webpage.

Step 3:

After you have signed in any scheduled meetings should appear on the right hand side under Join or Start a meeting.

- a. Hover over the meeting you wish to join and click on it.
- b. If the teacher provided a code click Join or start a meeting and enter the code.
- c. If the teacher provided a link in an email open a new tab and go to mail.google.com and click the link.

Step 4:

You will enter a waiting room where you may be prompted to allow the browser access to your microphone and camera.

After providing the browser access please click on the microphone icon in the picture to mute your microphone and then click Join to proceed to the meeting space.
